

Enterprise AI Compliance & Financial Audit Report 2025

Audited Entity: NovaTech Global Systems Inc.

Publication Date: February 18, 2025

Location: Headquartered in Zurich, Switzerland with major operations in New York and Singapore.

1. Executive Summary

NovaTech Global Systems Inc. recorded total annual revenue of \$142.5 million in FY 2024, representing an increase of 28.4% compared to FY 2023.

The organization completed the deployment of its Neural Guard cybersecurity architecture across 45 regional datacenters.

CEO Dr. Marcus Vance stated that the company achieved an overall operational efficiency score of 94.6%.

2. Mandatory Security Requirements

All production infrastructure must enforce multi-factor hardware authentication by March 31, 2025.

The data engineering team shall maintain automated snapshot backups every 6 hours with zero data loss tolerance.

Security audits are required to be completed on a quarterly schedule in accordance with ISO 27001 standards.

3. Capital Allocation and Deadlines

Capital expenditure for Cloud AI infrastructure is budgeted at \$38.2 million for Q3 2025.

The submission deadline for the regional compliance filing is strictly no later than November 15, 2025.

The European branch verified that 1,250 enterprise clients renewed multi-year contracts.

4. Audit Findings and Statements

The audit committee concluded that all financial assertions comply with IFRS standards.

The research lab in Berlin developed a proprietary low-latency inference engine.

The engineering teams should ensure that latency remains under 45ms across all European nodes.
